

★ We Have a Whole New Look!

In March, we launched a **NEW WEBSITE** for the 9/11 Memorial at Spring Park Campaign. The site gives a terrific overview of the vision, history, and the impact 9/11 had on our community. Take a look at new park renderings and discover ways to support this community treasure: www.911memorialfortcollins.org!

★ I Remember...

“I remember exactly where I was... what I was doing... who I was with.” The world stopped for all of us as we watched the twin towers fall. These stories weave a narrative of sacrifice, resilience, and hope.

We invite you to **SHARE YOUR STORY!** These stories will be archived so that when the 9/11 Memorial at Spring Park is constructed, visitors will not only learn about 9/11; but they will also understand how the event shaped our Northern Colorado community.

★ “A Song of Hope”

Under the direction of Mr. Michael Perez, The Kinard Middle School Honor Band (Fort Collins, Colorado) performed “A Song of Hope” by James Swearingen at their spring concert on May 19, 2022. According to the composer: “It was my desire to compose a piece that would serve as a vision of hope amongst the sadness that we all felt. By learning how to deal with tragedy, we are afforded the opportunity to appreciate the simple things in life, and most importantly, each other.” The performance is a powerful reminder of the importance to share the 9/11 story with kids. ★ Spread the Word!

We have had a number of requests from businesses and community groups for materials about the 9/11 Memorial at Spring Park Campaign to share with customers, clients, friends, and colleagues. We are assembling 9/11 Memorial promotional kits for this purpose! Kits will include: An 11x17 Poster, 25 postcards, and stickers. Email [Emily Land](mailto:Emily.Land@cityoffortcollins.org) to request a kit and help spread the word!
