

★ We're Breaking Ground!

The vision will be a reality. The last six months yielded significant funding to advance the construction of the 9/11 Memorial at Spring Park. Investment by The City of Fort Collins, Poudre Fire Authority, and generous donors will ensure our Northern Colorado community NEVER FORGETS. A groundbreaking will take place on Monday, September 11th, 2023. With a ribbon-cutting planned for September 11th, 2024.

★ Where Were You?

When the I-Beam arrived in Fort Collins eight years ago, Poudre Fire Authority made a strong commitment to use this artifact to share the 9/11 story for generations to come. While the installation of the steel beam in Spring Park and 343 paving stones will evoke solemn reverence on site at the memorial; it is equally important to share the stories that united us as Americans so young people can understand and reflect on this pivotal moment in our nation's history. We are creating an archive of these stories to be linked to our 9/11 Educator's Resource Guide and available on the 9/11 Memorial at Spring Park Website. Contact Emily Land to share your story: EmilyLand@citygive.org.

★ Honoring the 343

343 paving stones winding from Fire Station #3 and the Spring Creek Trail will lead visitors to the 9/11 Memorial at Spring Park. The stones not only honor the 343 brave men and women who lost their lives in service to others on 9/11; but also honor our community's desire to create a local landmark to reflect on this tragic day in history. There is still time to demonstrate your commitment to these heroes. [Click Here](#) to purchase a stone. (www.911memorialfortcollins.org)
